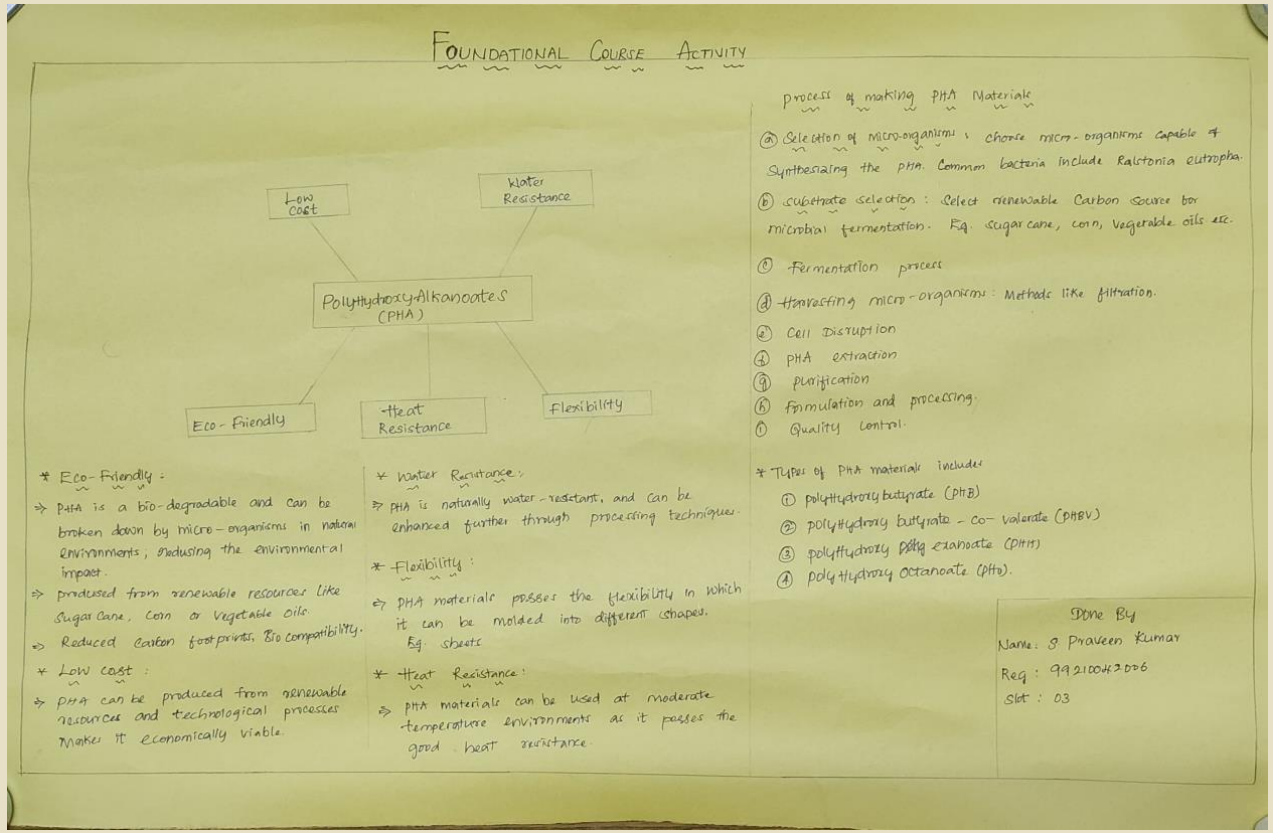
Class Participation

- In researching eco-friendly alternatives to plastics, we identified Polyhydroxyalkanoates (PHA) as a promising solution. PHAs are biodegradable polymers produced by microorganisms under specific conditions. They offer advantages such as low production costs, which are decreasing with technological advancements, and good heat resistance, making them suitable for various applications like packaging and consumer products.



FOUNDATIONAL COURSE ACTIVITY

Low cost
Water Resistance
Polyhydroxy-Alkanoates (PHA)
Eco-Friendly
Heat Resistance
Flexibility

* Eco-Friendly :
⇒ PHA is a bio-degradable and can be broken down by micro-organisms in natural environments; reducing the environmental impact.
⇒ produced from renewable resources like sugar cane, corn or vegetable oils.
⇒ Reduced carbon footprints, Bio compatibility.

* Low cost :
⇒ PHA can be produced from renewable resources and technological processes makes it economically viable.

* Water Resistance :
⇒ PHA is naturally water-resistant, and can be enhanced further through processing techniques.

* Flexibility :
⇒ PHA materials posses the flexibility in which it can be molded into different shapes. Eg. sheets

* Heat Resistance :
⇒ PHA materials can be used at moderate temperature environments as it posses the good heat resistance.

process of making PHA Materials

(a) Selection of micro-organisms : choose micro-organisms capable of synthesizing the PHA. Common bacteria include Ralstonia eutropha.
(b) substrate selection : Select renewable carbon source for microbial fermentation. Eg. sugar cane, corn, vegetable oils etc.
(c) Fermentation process
(d) Harvesting micro-organisms : Methods like filtration.
(e) Cell Disruption
(f) PHA extraction
(g) purification
(h) formulation and processing.
(i) Quality control.

* Types of PHA materials includes
1. polyhydroxy butyrate (PHB)
2. polyhydroxy butyrate - co- valerate (PHBV)
3. polyhydroxy hexanoate (PHH)
4. polyhydroxy octanoate (PHO).

Case Analysis : Successful Entrepreneur

Ritesh Agarwal, the founder of OYO Rooms, has become a beacon of inspiration for aspiring entrepreneurs. Starting his journey at 17, he launched OYO Rooms at 19, transforming budget accommodations by partnering with small hotels. His innovative approach and focus on customer experience rapidly expanded OYO's presence, achieving unicorn status and international reach. Ritesh's success has earned him global recognition, including being named one of Forbes' youngest billionaires and receiving numerous awards for his entrepreneurial vision.

Business Model Canvas

The business model uses AI-equipped spectacles to provide real-time auditory descriptions for the blind, enhancing independence. Revenue comes from sales and subscriptions, with key partnerships and strategic distribution ensuring market reach. It combines tech innovation, social impact, and sustainable revenue..

Features

1. **Customer Segments:**

- Primary: Blind individuals who require assistance in navigating their surroundings.
- Secondary: Caregivers, family members, and institutions supporting visually impaired individuals.

2 . Value Proposition:

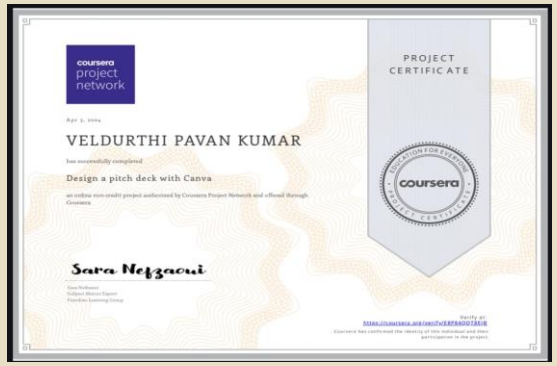
- Innovative Spectacles with Inbuilt Cameras: Glasses equipped with built-in cameras capable of capturing real-time images. Utilizing artificial intelligence to analyze captured images and provide auditory descriptions to the user.

3. Revenue Streams:

- Product Sales: Generating revenue through the sale of the innovative spectacles. Offering subscription-based services for ongoing software updates, AI enhancements, and customer support.

PITCH DECK

- Participating in the pitch deck competition organized by the Great Lakes Institute of Management in Chennai was an exciting opportunity to present our innovative idea aimed at revolutionizing the way students showcase their projects and collaborate with professionals. Our project focuses on creating a centralized platform tailored to the needs of students, providing them with a dynamic space to showcase their projects, connect with industry professionals, and foster meaningful collaborations.



IDEATHON/ WORKSHOP

An Ideathon is a collaborative event where participants brainstorm and develop innovative ideas to solve specific challenges. Unlike a hackathon, which focuses on creating prototypes, an Ideathon emphasizes creative thinking and idea generation. It's a great opportunity to develop problem-solving skills, think outside the box, and connect with like-minded individuals.

3rd International Conference on
Industry 4.0 and
Advanced Manufacturing

Certificate of Participation

This is to certify that S. Praveen Kumar of Kalasalingam Academy of Research and Education was a participant/presenter/session-chair/panel member/organiser at the International Conference on **Industry 4.0 and Advanced Manufacturing**, I4AM'24, held on 11th & 12th January 2024, at the National Science Seminar Complex, Indian Institute of Science, Bangalore.

Prof. Amaresh Chakrabarti, Conference & Programme Chair
Prof. Satyam Suwas, Conference & Programme Chair
Prof. Manish Arora, Conference & Programme Vice-Chair

Ideas For The Vision
VIKSIT BHARAT @2047

Certificate of Participation
is awarded to
Velidurthi Pavan Kumar Cseug Batch
for contributing ideas towards realizing the vision of
Viksit Bharat by 2047.

unstop

Certificate of Participation

This is to certify that
RAHUL KUMAR 2021-CSE BATCH

from Kalasalingam Academy of Research and Education as Team 99210041485 has participated in the Webinar Session of the WORKSHOP - Roadmap to Entrepreneurship organised by the Thapar Institute of Engineering and Technology (TIET), Patiala .

unstop

Certificate of Participation

This is to certify that
ANNU SANJAY KUMAR

from Kalasalingam Academy of Research and Education (KARE), Krishnankoil as Team 99210041503 has participated in the Webinar Session of the WORKSHOP - Roadmap to Entrepreneurship organised by the Thapar Institute of Engineering and Technology (TIET), Patiala .

Hackathon

Participating in a hackathon is an exhilarating experience that combines creativity, teamwork, and technical skill. It provides a unique opportunity to collaborate with like-minded individuals, tackle real-world problems, and rapidly develop innovative solutions. With a mix of brainstorming, coding, designing, and pitching, hackathons push participants to their limits, fostering growth and learning in a high-energy environment. Whether you're a seasoned developer or a newcomer, the intense, hands-on nature of a hackathon offers valuable insights and the chance to make lasting connections in the tech community

Certificate OF PARTICIPATION

INNOVATE தமிழ்நாடு | ERADICATING SOCIAL EVILS THROUGH TECHNOLOGY

This is to certify that

S. PRAVEEN KUMAR (992100420006)

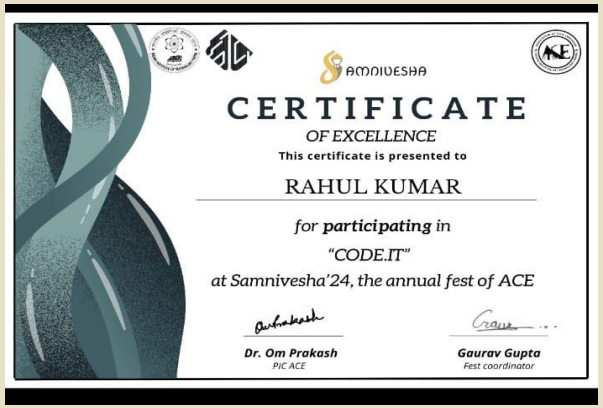
has actively participated in

INNOVATE TN HACKATHON CHALLENGE

held at Kalasalingam Deemed to be University, Srivilliputhur on March 07, 2024, showcasing exceptional creativity, teamwork, and problem-solving skills. Through dedication and innovation, they have contributed to the collaborative spirit of this event and have demonstrated a commitment to driving technological advancement.

A. Ananthan, State Convenor, TNBJP Startup Cell

Dr. B. Subathra, Chief Executive Officer, ACIC-Kalasalingam Innovation Foundation



SAMNIVESHA

CERTIFICATE

OF EXCELLENCE

This certificate is presented to

RAHUL KUMAR

for **participating** in

"CODE.IT"

at Samnivesha'24, the annual fest of ACE

Dr. Om Prakash, PIC ACE

Gaurav Gupta, Fest coordinator

Certificate OF PARTICIPATION

INNOVATE தமிழ்நாடு | ERADICATING SOCIAL EVILS THROUGH TECHNOLOGY

This is to certify that

Velduvthi Pawn Kumar

has actively participated in

INNOVATE TN HACKATHON CHALLENGE

held at Kalasalingam Deemed to be University, Srivilliputhur on March 07, 2024, showcasing exceptional creativity, teamwork, and problem-solving skills. Through dedication and innovation, they have contributed to the collaborative spirit of this event and have demonstrated a commitment to driving technological advancement.

A. Ananthan, State Convenor, TNBJP Startup Cell

Dr. B. Subathra, Chief Executive Officer, ACIC-Kalasalingam Innovation Foundation

CERTIFICATE

OF PARTICIPATION

THIS CERTIFICATE IS PRESENTED TO

Annu Sanjay Kumar

In recognition of his/her efforts in participating in Vashisht Hackathon held during Vashisht '24

conducted from 15th - 17th March, 2024 at IIITDM Kancheepuram

Mr. G PRANEETH KUMAR, Technical Affairs Secretary

Dr. SIVAPRASAD A V S, Professor In-Charge Co-curricular Affairs

Udyam Registration <helpline-msme@gov.in> Thu, 4 Apr 2024 at 20:01
To: s498983@gmail.com

Dear **Annu Sanjay Kumar**

Thanks and Congratulations for Registering as MSME!

Your Udyam Registration Number has been generated successfully
Udyam Registration Number of your Enterprise is : UDYAM-TN-32-0062079

To generate Udyam Registration Certificate, Click Here

Alternatively, you can use Print Certificate option at our Udyam Registration Portal: https://udyamregistration.gov.in

We assure you of our continuous support in your efforts.
We would be happy to see you making desired progress and become a Champion.
For any clarification or facilitation, you may reach out to us through below mentioned links.

Note:- Now, Manufacturing MSMEs are eligible for Zero Defect Zero Effect (ZED) registration and benefits/incentives are at your fingertips.

- Establishing our company through registration on the MSME Udyam portal marked a significant milestone in our entrepreneurial journey. With a team comprising five dedicated members, we embarked on a mission to revolutionize the educational landscape by launching our flagship product, ClassSync.

- ClassSync is a comprehensive software solution designed to streamline the management of class projects and enhance interaction between teachers and students. At its core, ClassSync empowers educators and learners alike by providing a platform for organized project handling, facilitating seamless collaboration, and enabling in-depth analysis of student progress.

Key features of ClassSync

- **Project Management:** ClassSync offers robust tools for organizing class projects, allowing teachers to define project parameters, allocate tasks, and set deadlines, ensuring clarity and structure throughout the project lifecycle.

- **Interactive Interface:** The platform fosters meaningful interaction between teachers and students through intuitive communication channels, discussion forums, and real-time collaboration tools, promoting engagement and knowledge sharing.

- **Progress Tracking:** ClassSync facilitates comprehensive monitoring and analysis of student progress towards project milestones, enabling teachers to identify areas for improvement, provide timely feedback, and support student growth and development.

- **Performance Analytics:** Leveraging data-driven insights, ClassSync provides educators with actionable analytics on student performance, project outcomes, and collaborative dynamics, empowering informed decision-making and continuous improvement.

- **Customization and Scalability:** With a flexible architecture and customizable features, ClassSync caters to the unique needs of diverse educational institutions and can scale seamlessly to accommodate evolving requirements and user preferences.

Thank you
